

**SPECIAL INSTRUCTIONS FOR SHIPPING BLOOD SAMPLES
FROM OUTSIDE THE UNITED STATES**

Miniature Schnauzer owners outside the U.S. who wish to submit blood samples to the University of Pennsylvania for myotonia congenita testing should follow the same procedure as for U.S. residents, and also attach a "Proforma Invoice" to comply with U.S. law. The "Proforma Invoice" must be on personal or business letterhead and must be enclosed in the same envelope with the airbill.

The "Proforma Invoice" must contain the following:

I, (print name) _____, do declare that the following information is true and correct:

1. This package contains **blood samples**.
2. The blood samples are from **Miniature Schnauzer dog(s)**.
3. The Miniature Schnauzer dog(s) from whom the blood was drawn **have not been inoculated with any livestock or poultry disease agents exotic to the United States and did not originate from a facility where work with exotic disease agents, affected live stock, or avian species, is conducted**.
4. The blood samples are **not infectious**.
5. The package contains **__ ml. of blood**.
6. The blood is contained in **EDTA tubes**.
7. The blood sample(s) **will be used for DNA testing in a clinical research laboratory**.
